Keynote Speaker – Dr Miriam
Nelson

In the fall of 2011, Dr. Miriam
Nelson drove 6,900 miles
across America as part of the
StrongWomen Across
America tour to work with local
leaders in eight small, rural
communities to improve the
physical activity and food
environment in each
community. Don't miss the full
story – [register today...](#)

Top 10 Reasons

PLANNERS SHOULD ATTEND

Planners and planning boards are the gatekeepers for the policies that either work for or against the creation of Active Community Environments. Come to the conference and..

1. Learn ways to advocate for designing healthy communities.
2. New funding sources for sidewalks and bikeways.
3. Discover cutting edge solutions for retrofitting your town for walking and biking.
4. Hear a nationally renowned speaker
5. Demonstrate your commitment to health.
6. Learn about successful projects in Waterville.
7. Be introduced to Health Impact Assessments (HIA)
8. Learn how zoning impacts ACE
9. Understand more about ACE Teams and why you should be on one.
10. Get inspired to change your world
