Woodlawn Museum presents

A Hands-on Workshop on

Backyard Composting

With

Marjorie Peronto

Saturday, June 7, 2008

9:00 a.m. – 10:30 a.m.

(rain date June 14, 2008)

Marjorie Peronto, educator for the University of Maine Cooperative Extension, will be covering the basic science behind successful composting. She will demonstrate how to build a compost pile and teach you how to manage it so you end up with a nice crumbly garden soil amendment within two months.

Cost: A donation of time or money to help preserve Woodlawn's garden would be greatly appreciated.

For reservation, information on the workshop, or to become a garden volunteer at Woodlawn, call 667-8671.
