

Trenton Enhancement
10/27/2011
Minutes

Attending: Susan Starr, Pete Lazas, Jim Fisher, Bill Stockman, others?

Acadia Gateway Center

- Construction of O&M Center almost complete
- Scheduled to open late 2011
- Will not provide visitor information services
- Trail project has moved forward with a designated corridor and some brushing completed

Route 230 Intersection

- Design completed
- Will not include airport entrance road, but will have a stub for a future connection
- Committee would like to see this connection with an adequate path or walkway

Interim trail

- Can construct a trail along the current entrance road or attempt a trail near to the future alignment, but this would require very precise delineation of that alignment
- It is not clear whether right of way has been obtained for the entire route

Pet walk

- 420' – \$14/ ft
- Gate- \$150.00

Site stabilization

- Jim – contact Pine Tree Engineering
- Bill – contact Randy Heckman

Gazebo

- Pete – will find out the cost of the foundation

Children's Play area

- Fence options
 - 3' picket fence
 - Split rail fence - \$15/foot 100*50 = \$4,500
- Surface treatment
 - Woodchips or Cedar bark mulch
